

2019 GenR8

Creating pathways to employment

Transport, Logistics and Supply Chain Industry

The GenR8 program is an excellent choice for students who may not know what they want to do when they leave school. The Transport, Logistics and Supply Chain industry offers a diverse range of jobs including warehousing, logistics, administration, HR, accounts, reception and information technology.

Industry: Transport, Logistics and Supply Chain

Qualification: Certificate II in Logistics
(4 QCE Credits)

Intake: Year 12 students

Duration: 1 year (based on school calendar)

Location of Training: TBA - will depend on the number of students

Work Placements: Students will complete up to 20 days of structured work placement with a host employer

Host employers are throughout Brisbane and Ipswich

Workers compensation is covered by the *Education (Work Experience) Act 1996*. The work experience agreement is organised by the school and will require a parent or guardian signature.

PPE Requirements: Steel cap boots

For more information please contact -

* Students will generally undertake 1 day per week either at training or their host work placement. The 2019 program is conditional upon sufficient student enrolments and host workplace opportunities.
