

# Clementine Regnard

Currently runs her own architectural practice and tutors architecture at QUT Gardens Point

## What year did you graduate?

1998

## Memory of High School?

It was a pleasure to attend, although I disliked exams.

## What was your favourite subject?

English

## Family?

My sister Aurelie graduated from Clairvaux Mackillop College in 2006. She is now a Speech Pathologist in QLD. My brother Alex graduated from Clairvaux Mackillop College in 1994. He is now a Principal AV Engineer and Partner in an engineering company in Dubai UAE.

## Did you know what you wanted to be during High School - if yes, did you get there – if no what happened to stop you from going that way?

Yes, I wanted to be an Architect and now am.

## What did you do on your first year out of school? (the above answer may already answer this)

I went on an overseas holiday until my architecture course started at UQ St. Lucia in late Feb, then got through the course as quickly as possible.

## What are you doing now career wise?

I have set up my own architectural practice and tutor architecture at QUT Gardens Point.

## How did you get to where you are now in your career?

I worked for approximately 12 years for a few companies of various sizes who specialised in different types of architecture before starting my own business.

## What is the favourite thing of doing your job?

Drawing and then walking with a happy client into the building that I have drawn.

## How would you advise students to plan for the future?

Check the pre-requisite subjects of various courses and choose a broad range of subjects at school to give you the flexibility of changing career choice near the end of Year 12 if you are not 100% sure of what you want to do.

## Any tips on being successful?

Perseverance regardless of the obstacles.
